Careful study, however, showed that by placing a signal on the sharp peak of Ruby Mountain, almost directly northward, and another on the summit of Bennett Hill, it would be possible to carry the triangulation to a point on the westerly line of the Fourteenth township, on the high ground southerly from the outlet of Lake Sabael and thus the geographical position of this point in the west line of the township would be secured and also an angular check upon the azimuths and traverse of the boundaries. Sketching out the plan for this trigonometrical work, so that the engineers could not fail to carry out my instructions, and making memoranda for the guidance of the signalmen, I commenced the descent of Bennett Hill. Here we came upon evidences of mining operations. Excavations had been made in the rock, huge masses of which had been blasted away and beautiful crystals of pocket garnet had been exposed; large quantities having evidently been mined. The ore appeared to be fairly good, though lean, and the mineral difficult to sepa on we hastened to descend, and made our way back to quarters at North Kiver village, near the mouth of the Thirteenth stream. October 29th. I received a report from the Assistant in charge of work at this station giving an account of the difficulties which he said he had encountered in determining which were the true allotment subdivisions--he being inexperienced in these matters,...
