

Make Your Own Laptop: Color Build Your Own Computer!

Filesize: 4 MB

Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Juliet Mertz)

MAKE YOUR OWN LAPTOP: COLOR BUILD YOUR OWN COMPUTER!

Dover Publications Inc., United States, 2012. Paperback. Book Condition: New. Robbie Stillerman (illustrator). 272 x 201 mm. Language: English . Brand New Book. This fun-filled activity book helps children put together a pretend computer of their very own. They can color the individual parts of a laptop -- including a mouse, flash drive, and speakers -- and then assemble the punch-out pieces according to simple instructions. The keyboard opens to reveal the labeled inner components, and the book provides basic information on how computers work. It s a wonderful gift for kids ages 4 to 8.
