Brand New Book ***** Print on Demand *****.Excerpt from **Our Political Degradation: Being Several Short Essays Setting Forth Certain Facts Which Every Thoughtful Citizen of the United States Should Know** Seemingly a large majority of the writers, who during the last two or three decades have written about our political condition; National, State and Municipal; have been afraid to state their honest convictions. Many among them have written learnedly, politely and knowingly; but they have been content to paddle around startling truths as though they were floating in a sea of harmless and elegant literature, with their facts specially sandpapered and emery wheeled so as not to give offence to common offenders and the specially favored criminal classes, whose backs deserve a lash fashioned out of the rawest possible hide. If in the history of a nation, there ever was a time when honest and patriotic lovers of their country ought to speak out and write out, that time has arrived in ours - where the whole political system is rotten to the core.
